

Existing Cypress ROW (20' width based on current GIS Mapping). Hardin Simmons University (HSU) is proposing to abandon the remaining 760' linear feet (area in red) of the existing Cypress Street ROW between Vogel Ave (south) and Lowden Street (north). All remaining residences have access off of Lowden Street, Cedar Street or Pine Street. 210' of existing Cypress Street pavement off of Lowden Street will remain to accommodate an existing car port.

PROPOSED PROPERTY ZONING
HARDIN SIMMONS UNIVERSITY
